PETER, LAURENCE J., (author) who's "Peter Principle" held that things tend to go wrong in bureaucracies because employees rise to the level of their incompetence, died at age 70, his wife said yesterday. Peter, who suffer from heart trouble and a stroke, died in his sleep Friday at in his Los Angeles home, Irene Peter said, a psychologist and professor of education, and was best known for the 1969 book co-authored with Raymond Hull, "The Peter Principle, Why things always go wrong." A satirical chronicle of incompetence based on his experience with educational and other bureaucracies. According to Peter, in hierarchies every employee tends to rise to the level of his or her incompetence. In time, Peter said, every post tends to occupied by someone too competent to carry out its duties. He said the only people who accomplish any useful work are those who have not yet been promoted to their level of incompetence.
